Re: Complaint Against Burbank School Board Member Emily Weisberg

Dear Messrs. Thurmond and Bonta:

I am writing to report that Burbank School Board member Emily Weisberg engages in a pattern and practice of willful destruction of public records, including electronic communication between her and fellow Burbank School Board members, the Burbank Unified School District superintendent, as well as others.

I am informed that Burbank School Board member Weisberg's conduct is a statutory violation, a deliberate spoliation of public records and should be investigated. I believe she should be permanently enjoined from further destruction of public records.

Enclosed with this letter is a true copy of an email from Burbank School Board member Weisberg in which she admits to the destruction of public records.

I therefore ask that you investigate this practice. It is clear that the public has a right to request and examine public records and this conduct infringes that right.

Sincerely,

[REDACTED]

Joel Schlossman
